MacDonald Displays a Keen Pace First Day

Completes Ministry with an Expedition Somewhat Unusual with the Older Political Parties—He Knew of Duty Beforehand

LONDON, Jan. 23.—The new prime minister, J. Ramsay MacDonald, has completed his ministry with an expedition somewhat unusual with the older political parties, owing to his having been in the novel position of knowing some weeks before hand almost the exact result of the Baldwin government would be defeated, and he would therefore mature his plans in readiness for his taking of office.

Outside Cabinet
His list of appointments announced Tuesday consisted of the cabinet. Those announced today are outside the cabinet.

The ceremony of swearing in the ministers who were not previously members of the privy council, which took place at 10 o'clock, was performed in the customary manner at Buckingham Palace, presided over by the king, presiding over the privy council, and in the presence of the Prince of Wales.

Miss Bonfield
Among the new ministerial appointments, the most interesting was that of Miss Margaret Bonfield, the first woman to take a place in the British privy council. Lady Astor, an active political worker, was appointed to the post of minister of labor, and Miss Bonfield was not included in the list. Miss Bonfield is worth twice some of the men in the cabinet.

Some of the appointments, like Miss Bonfield, are of a supplementary nature, and are not of the same importance as the others.

Charles Anderson, secretary of the ministry, began his work at 10 o'clock. J. D. Lawrence, a former laborer, was appointed to the post of minister of labor, and J. D. Lawrence was the son of a laborer.

BRITISH BANKS NOT TO HINDER LABOR PREMIER

LONDON, Jan. 23.—Lord Colwyn, chairman of the Lancashire and Yorkshire bank, declared today that the banks of Great Britain would do all in their power to render assistance to the new government, no matter what personnel or political views they held.

Lord Colwyn made this declaration at the annual meeting of the Lancashire and Yorkshire bank.

Radicals Throw U.M.W. Convention at Indianapolis into Confusion at Closing

INDIANAPOLIS, Ind., Jan. 23.—(Press of "Let's go home" and "we're done" by radicals tonight ended the second day of the U.M.W. convention in confusion.

Radical delegates had insisted that the convention be adjourned at once, and that the delegates be allowed to return home.

The vote was on their demand for a poll, for which a thirty per cent vote was necessary. It failed by about 150 votes.

The convention accepted without debate the report of the committee on the administration of the union, and adjourned for the night.

Rail Strike Being Felt Acutely As Fuel Needed

No Mediation Meeting Yesterday Continued Improvement in Train Service But Wales Suffers Severely in Industry

LONDON, Jan. 23.—The expected meeting between representatives of the executive committee of the Associated Society of Locomotive Engineers and Firemen and the railway managers at which it was hoped discussions would be renewed with a view to ending the railway strike, did not materialize today.

The railway managers met this afternoon to consider the offer of the association for a parity, but their decision with regard to a parity was deferred.

Wanted Hunter For The Southside

This is a story with a moral. During the last week a resident of the south side, whose association makes it necessary for him to make a goodly number of trips to the north side, was looking for a goodly number of trips to the north side.

After a brief chase, the hunter was seen by one of the residents of the south side.

Little Chance of Getting Anything Yet This Year According to the Premier

Greenfield Indicates That Act Will Only Be in Operation About Seven Months This Year and Most of the Money Will Be Used for Warehouses and Other Equipment to Carry on Liquor Business

The urban and rural municipalities of the province will likely be given thirty-five per cent. of the liquor profits made under the new liquor act which is now in course of preparation, according to the announcement made to the representatives of the Alberta cities by Premier Greenfield last night. This statement was made by the premier after considering a number of proposals from the various cities for increased revenue which had been submitted at a conference with the cabinet yesterday forenoon.

This arrangement will not go into effect until January 1, 1925. Although the premier and the cabinet have agreed to give the proposal their support, it will first have to receive the approval of the legislature and after that the various details in connection with the manner of distribution of the thirty-five per cent. will have to be worked out. The new liquor act will not likely be in effect for more than seven months of this year, and any profits that are made will be used up in equipment in connection with warehouses, and getting the system established properly.

For immediate relief for the cities the premier proposed increasing the rate of taxation including an additional automobile tax, and a series of other measures to be submitted to the cities by Mayor W. H. Brown, of Edmonton, and the cities with the approval of the Premier.

The premier stated that the cities would not likely be able to get the lower profits which would go to the cities, but that the cities would be able to get the higher profits which would go to the cities.

Stage and Screen

FINE PROGRAM FOR THIS WEEK AT PANTAGES

This week's bill at Pantages is one of undoubted excellence. One or two of the acts are hand-picked by the small stage, but in spite of that, the show goes with a swing that brings out all the finer points of the act. And, in the first place, the show is the finest yet seen at the theatre. It is a real show, and it is a real show.

audience bill anywhere. Both are splendid dancers. They have grace, personality, charm, and their individual and combined efforts were a treat to watch. They performed a story of a little love affair from the first to the last. The dance was accompanied by popular and once-popular songs. The music and words of which served to remind one of scenes and situations similar to those being interpreted on the stage. This act scored a well-deserved triumph.

"THE COVERED WAGON"
Declared to achieve all previous productions of the kind, and acclaimed by the country's leading motion picture critics, "The Covered Wagon" will be screened for the first time in Edmonton at the Empire theatre for 3 days beginning Monday Jan. 25th. With a sweep that visualizes a epoch in American history, "The Covered Wagon" is said to combine a strikingly dramatic story, ideal photography, and excellent acting. Pioneer life is revealed with all its hardships, hardships, sufferings, and triumphs in a way that is both simple and beautiful. The drama is staged with a realism that is a masterpiece with grandeur and detail.

hearing all the local orchestra, who returned home were employed. Whenever he found a good orchestra, he would be glad to have him come to Toronto in June for a tryout, seeing the expense there and back in case he would not fit in. As a result, he had some forty musicians to pick from and the Chicago Orchestra is a new matter with comparison with any similar organization on the American stage.

"THE DUMB BELLS"
The "Dumb Bells" will present three nights and Saturday matinee commencing Thursday evening Jan. 25th. Captain Plunkett has prepared special new musical numbers for the return engagement, while his brother Al will sing any of his famous successes. By request, as well as several new songs.

"WILD BILL HICKOK"
William S. Hart, who has been a hero to those who know him, and who was regarded by William S. Hart as the ideal type of the American, has been immortalized on the screen. The man whose writings on sport topics in the Morning Telegraph in New York were read all over the world up to the time of his death in 1922, will be shown in "Wild Bill Hickok", the first of the new series of pictures to be made by the famous gunman for Famous Players-Lasky and which will be the feature at the Empire theatre the last three days of this week.

Capitol
"LETTER OLD NEW YORK"
Marion Davies assumes the role of a country young lady in her Capitol picture, "Letter Old New York" which will be the attraction at the Capitol theatre for 3 days beginning today. She appears in the smart town by the virtue of a century ago when men were allowed more latitude in their style of dress. Embroidered waist coats and high silk hats made the men of 1870 able to vie with the women in becoming costumes.

"LETTER OLD NEW YORK"
Marion Davies assumes the role of a country young lady in her Capitol picture, "Letter Old New York" which will be the attraction at the Capitol theatre for 3 days beginning today. She appears in the smart town by the virtue of a century ago when men were allowed more latitude in their style of dress. Embroidered waist coats and high silk hats made the men of 1870 able to vie with the women in becoming costumes.

"THE COVERED WAGON"
Declared to achieve all previous productions of the kind, and acclaimed by the country's leading motion picture critics, "The Covered Wagon" will be screened for the first time in Edmonton at the Empire theatre for 3 days beginning Monday Jan. 25th. With a sweep that visualizes a epoch in American history, "The Covered Wagon" is said to combine a strikingly dramatic story, ideal photography, and excellent acting.

The Change at Moscow

Lenin is dead. Trotsky no doubt will succeed him as the unwavering czar. Lenin was a pro-Communist. Trotsky is a militarist. The change of masters of an empire which comprises half of Europe and a third of Asia may have large consequences to the world. The Soviet Union has included a trading treaty with Berlin which provides the basis for a military alliance. Germany was a menace to ordered government everywhere. But his going may not be a cause for reassurance. His military training is not shown that he possesses Lenin's cunning, and is more likely to resort to the mailed fist method of destroying democracy.

A Coating Scheme

One of the experts' committee proposes to export German money back into Germany by setting up a new bank. The bank would be owned by an international loan, which it is hoped would be supplied in good part from the funds of German capitalists have sent abroad to escape confiscation for reparations payments. The scheme looks like a good one if it will work. It probably won't work unless Allied governments or bankers put up with it. It guarantees that funds put into the loan will not be grabbed. Having got their wealth out of the country, the shareholders are not likely to bring it back unless they are given sufficient security that it will not be grabbed.

St. Lawrence Power

The province of Ontario and the state of New York are anxious to have the St. Lawrence water power developed as an aid to manufacturing industry. On either side of the stream, legislation is under way to have the water power developed forthrightly and completely. The province is under way to have the water power developed forthrightly and completely. The province is under way to have the water power developed forthrightly and completely.

British's Claim Government

For the first time in history Great Britain has an avowedly class government. The government would hardly be apparent if it were not for the label. The new Ministry is not by any means exempt of class bias. It is a government of the few, for the few, and by the few. It is a government of the few, for the few, and by the few. It is a government of the few, for the few, and by the few.

Tuned

The Calgary Alberta, which has been consistently friendly to the U.P.A. Government and rather more than benevolently neutral toward the U.P.A. class organization doctrine, notes that the recent party convention was man-handled by the President of the organization, who is the interests of the Government. The force support the criticism. The U.P.A. was fairly well tuned to the "bull moose" principle that the rank and file should tell the leaders where they were to lead. The principle was fairly well tuned to the "bull moose" principle that the rank and file should tell the leaders where they were to lead.

The Spread

Vancouver reports say the Alberta wheat pool has shipped from eight to ten million bushels of wheat through that port. At least has recently been called to the spread of five cents per bushel or more between the price at wheat at Alberta points and the price of the same grade of wheat at Vancouver. The criticism made is that the Alberta wheat pool, based on the P. Williams basis while his wheat is sold at Vancouver, where the price ranges five cents or more per bushel higher than at P. Williams, carrying charges allowed for. The wheat pool of course receives same benefit from this spread in price as the private dealer. If the latter is really pocketing the five cents per bushel, the farmer who sells to the pool would seem to be entitled to get that much more per bushel for his grain than the private dealer. The pool would seem to be entitled to get that much more per bushel for his grain than the private dealer.

A Taxation Conference

Western boards of trade are invited to attend a taxation conference on the last day of this month. The object is to start a drive for reduced taxation. It may be taken for granted that there will be a large attendance. The conference is being held at P. Williams, where the representation will be remarkably general. MORE MEXICAN REVOLUTION PICTURES

General Fausto Topete (left), General Francisco Serrano (center) and President Obregon (right), from the rear of their private car inspect federal troops near the battle line. General Topete joined his commander-in-chief after visiting the rebels on the Zapotlán front.

Mexican federal troops under personal leadership are rallying to the colors to do battle against a number of rebel chiefs causing disturbances in various parts of the disrupted republic. Here is a detachment of artillery with guns and ammunition loaded on flat cars waiting transportation to the firing line. Obregon's soldiers are provided with latest type field pieces capable of long distance range.

CATCHING THE WOULD-BE ASSASSIN

Over in Japan they don't waste time catching criminals. This picture shows how police and citizens trapped the man who is alleged to have tried to kill the Prince Regent. Arrows point to the prisoner. No. 1 points to his head, and No. 2 to his back. What chance for that lad to escape!

TELEGRAPHIC PHOTO CONTRAST

Above are two pictures of Currier I. Dism, wealthy Denver oil man, as he appeared on a hospital cot recovering from bullet wounds which police say were inflicted by Harvey A. Grier, chauffeur for Alvin Karpis, famous screen star. The top picture is an actual photograph received several days after the shooting. It appears in contrast with the view below, transmitted by telegraph by a new process a few hours after Dism was wounded. Note the remarkable accuracy.

DON'T CROWD!

DOG DERBY RACERS IN TRAINING

DOG mushers at The Pae are working hard to get their teams in trim for the next annual Dog Derby which is to be held this year on March 11. Shorty Bunsick, winner of last year's race at Banff and second to Morgan in The Pae event, is on the ground training. The Morgan team, winners last year, will be driven by Bert Hayes, Billy Grayson, who drove Morgan's dogs last year, will drive a team, belonging to Tom Crighton. Winterston, another old Dog Derby musher, will enter a team. The Hancock-Dumas team is in harness and Jack Haven has a splendid team in training for the 200-mile non-stop grind. Several teams from outside of Manitoba are expected to test their speed and endurance against the northern huskies and their drivers, and an energetic committee is at work striving to make the 1924 Derby bigger and better than anything that has yet been staged at 'The Gateway to the North.' This year will see also a 'Queen of the Carnival' contest in which beautiful young ladies from all parts of Manitoba will compete for the honor of being Queen of the Carnival of the Queen's Court. Entries in this contest are beginning to reach the committee and a lively contest for the carnival honors is assured. Carnival features are being arranged for the enjoyment of outsiders visiting The Pae during the period of the Dog Derby and efforts are being made to provide amusement for everyone visiting the annual winter fun festival.

"QUEEN OLGA"

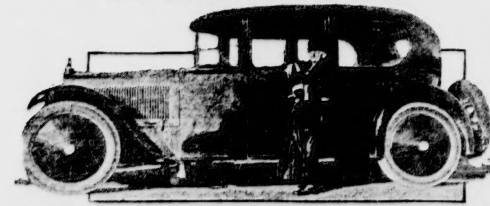

Mrs. Olga Khamorodo, daughter of the Russian Imperial General for Cuba to the United States has been chosen 'Queen of Beauty' in a festival at Miami, Fla. Can't blame the judges, can you?

WHO!

Mrs. John F. Francisco, St. Petersburg, Fla.—What Willie Hoppe is to billiards, Mrs. John F. Francisco of this city is rapidly coming to be in horseshoe plucking. Three national tournaments have been held since the Women's Horseshoe Plucking Association was first formed. Mrs. Francisco finished second in the first one, was the second and successfully defended her title in the third.

SHE'S NEARLY 90—BUT SPEEDY DRIVER

Don't get the idea that because Mrs. John J. Hainemann, of Garden City, L.I., is 88, she can't drive an auto. Recently she was arrested at Miami, Fla., charged with violating the speed law. Here she is, with her car, officers say, she made several 42 miles an hour.

"WILL YOU EXCUSE IT, PLEASE???"

Telephone girls might always have rolled their Rs, but they didn't always dress the way they now do. The picture above explains itself. Officials of the Telephone company at New York prepared the pictures to show the difference in style between 1877 and 1924.

WILL THEY RECOMMEND EXPULSION OR NOT?

Senator Earl B. Mayfield, of Texas, may or may not be ousted from the upper house of Congress. It depends largely on what this committee finds. Left to right: Senator M. M. Neely, West Virginia; Senator William H. King, of Utah; Senator R. P. Spencer, of Missouri; Senator F. L. Greene, of Vermont; Messrs. Zambren, Hanger and Nichols, attorneys for Senator Mayfield; and Counsel Woodward for George Peck, who is contesting the seat. In rear are shown John Rhoades and A. Bartholmes, assisting the committee.

WHERE DUCK HUNTING IS GOOD

These lucky nimrods have just been enjoying a morning's shooting on Bill Banta's preserve in the Russian marches, near Marlette, Calif. The sportsmen got excellent results—in fact, they got the limit allowed by law, as you can see.

CUPID WINS AT RACE TRACK

For a long time, so runs the story, Miss Allyn King, shown above, former Polaris star and noted musical comedy actress, was engaged to Carl Weideman, millionaire and owner of the famous race horse in Almonston. Weideman wanted his fiancée to give up the stage, surrounding Miss King refused to do. And so matters stood until the famous race between In Memoriam, Get and My Own. In Memoriam won, and the telegram of congratulation from Miss King sounded so sweet that Weideman gave in. Now, it is reported, they will wed soon. And Miss King will follow her career.
